

ST. ANDREW'S GRAMMAR

Welcoming Prospective Students & Families

DIANELLA, PERTH WA

Welcome from our Principal

Welcome to St. Andrew's Grammar—an exceptional learning community where tradition, excellence, and a genuine commitment to each child come together. Grounded in our rich Hellenic heritage and guided by Greek Orthodox values, we take great pride in fostering a culture where faith, respect, and a pursuit of excellence underpin all that we do.

From the moment you step onto our campus, you will experience a strong sense of belonging. Ours is a community built on meaningful relationships—between students, teachers, mentors, and parents—working in genuine partnership to support every child's journey.

This connection is central to who we are and is a key reason why so many families choose St. Andrew's Grammar.

At the heart of our school is an unwavering commitment to high standards and the belief that every student can achieve success. We challenge our students to strive for excellence in all aspects of their learning—academic, co-curricular, and personal—while recognising that each child is unique. Our approach is intentionally personalised, ensuring that every student is supported, known, and guided to reach their individual potential.

Our dedicated and highly skilled educators are passionate about their role and deeply invested in the growth of each student. They take the time to understand every learner. Their strengths, their aspirations, and the areas in which they require support, ensuring that each child is both challenged and nurtured. This balance of care and high expectation allows our students to develop confidence, resilience, and a strong sense of purpose.

We are proud to offer a holistic education that extends beyond the classroom. With a wide range

of academic pathways, co-curricular opportunities, and leadership experiences, students are encouraged to discover and develop their talents while contributing meaningfully to the life of the school. Our aim is to nurture each student, supporting their growth into well-rounded, confident, and mature individuals equipped to achieve their goals.

St. Andrew's Grammar is also a proudly diverse and inclusive community, enriched by families from over 50 nationalities. While we celebrate this diversity, we remain deeply connected to our Hellenic identity and Orthodox traditions, which shape our values, guide our actions, and strengthen our sense of community.

Choosing the right school is one of the most important decisions a family can make. At St. Andrew's Grammar, we offer more than an education; we offer a partnership, a community, and a shared commitment to excellence.

I respectfully and warmly invite you to visit our school, experience our culture firsthand, and meet the people who make St. Andrew's Grammar such a special place. It would be a genuine privilege to meet with you and your child, and to learn more about your hopes and aspirations for their future.

Thank you for considering St. Andrew's Grammar as the foundation for your child's educational journey.

Siza Macdonald
Acting School Principal

What we offer

A unique feature of St. Andrew's Grammar is the close attention every child receives. With small class sizes throughout the school, every child's strengths and areas needing improvement are known. Every child is respected and accepted in a school that celebrates diversity.

Every child matters

Collectively, our staff believe that their role as educators is to deliver a differentiated curriculum with an emphasis on active participation and practical learning. We take a holistic approach.

Every child is supported to achieve their personal best, by engaging in them with opportunities offered by the school, whether in the classroom or co-curricular activities.

Pastoral Care & Wellbeing

Our school operates as a community where every student's welfare is our main concern. Your child will be known and nurtured by all staff. We have a Pastoral Care Leadership team which ensures a safe learning environment for all. Our pastoral care policies and procedures are designed to support students and foster their growth as respectful and responsible members of our community. We aim to build good people.

Academic Curriculum

Our Primary staff teach the essential academic skills of reading, writing, speaking and listening. These skills are used to explore Science, Mathematics and the Humanities and Social Sciences. Specialist teachers enrich the weekly learning program with Art, Music, Library, Physical Education, Modern Greek language and cultural studies.

Students in Years 7 – 10 study the core subjects of English, Mathematics, Science, the Humanities and Social Sciences, Physical Education, Health and Modern Greek language. Students also study elective subjects including Drama, Photography, Food Technology, Textiles, Visual Arts & Digital Technology. Increasingly we are focused on preparing students to be successful in a 21st century environment.

Co-curriculum Activities (CCA)

Co-Curricular Activities (CCA) are typically defined as activities that complement and enhance the academic, cultural, artistic and athletic experiences of the school's curriculum.

Our staff are committed to giving students a wide range of holistic learning experiences. Providing an abundance of opportunities and choices for students to trial different interests and to build stronger social relationships outside the classroom.

A Welcoming & Friendly Community

Our school is a wonderful community which provides students with opportunities to develop self-esteem, confidence, and lasting friendships in a safe and supportive environment.

We recognise that every child is unique. We want to know them as individuals to develop their strengths and grow other skills and qualities to allow them to have the best educational outcomes.

Our 2025 Academic Results

NAPLAN

Our students achieve outstanding NAPLAN results in all areas tested. This data shows that our students are achieving at a level significantly higher than the State and National means in all year groups (94% of measures taken). Very few schools could report this level of achievement.

Australian Tertiary Admission Rank (ATAR)

Our ATAR results over time show that we are consistently achieving results higher than similar schools. In the last few years, a very high percentage of our students have been offered places at university in their first choice of program. Given the trend to early offers for places at university, many of our Year 12 students receive offers for their places during their final year.

Technical and Further Education

Combining certificate courses and general courses provides students who want to study at TAFE with a solid foundation to build upon once they leave school. Our students who take the TAFE pathway have consistently been successful in continuing their study in their chosen fields.

What do our students say?

St. Andrew's prefers quality over quantity which is why the friends I've made over the years are life-long and the teachers I know are the best I've ever met.

- Faatema

Hi, my name is Dao Trinh and I'm an international student. I think St. Andrew's Grammar is an excellent environment to learn in. All my teachers are so enthusiastic and patient. My friends and I know that we can come to them when we have questions.

- Dao

St. Andrew's brings out the best in us. It's a supportive and inclusive community.

- Michelle

St. Andrew's is a safe community and a second home, where everyone is free to express themselves and have a prosperous school experience.

- Georgia

St. Andrew's Grammar is a very community and family orientated school. Every teacher knows each student and their strengths and weaknesses, making our schooling easier. Having a small school is a big advantage for students as the student to teacher ratio is small and every student can gain more attention.

- Eleni

St. Andrew's is a close-knit community that has given me the opportunity to learn from dedicated and enthusiastic teachers, the smaller class sizes allowing for a personable and tutor-like learning experience. I definitely feel the positive school culture encourages us to maximise our potential and blossom into the best version of ourselves.

- David

St. Andrew's is a multicultural school, constantly striving for excellence. Apart from the academic side, the school offers a wide range of after school activities for students whether it be volleyball or badminton.

- Alicia

What do our parents say?

Coming from a Serbian background, St. Andrew's has given my 3 children the opportunity to learn in an orthodox environment whilst learning Greek as their third language, amongst friends from diverse backgrounds. The multicultural backgrounds of the students combined with the Hellenic traditions provides a unique, wonderful learning environment.

- Ljiljana

St. Andrew's provides a perfect balance between academic, cultural, and sporting activities. It's main attraction, however, is that it's truly a community rather than just a school. The parents, teachers, admin staff, students and even their extended families all come together to create a community where everyone is welcomed, encouraged, cared for, and valued. I look forward to being part of this community for many more years, with my youngest who is due to start Kindy soon.

- Natalie

St. Andrew's has provided a wonderful, nurturing child centered learning environment for my year 6 son to learn in over the past 8 years. The small class sizes and dedicated, caring teaching staff provide a unique learning environment not always found in larger schools and this has allowed him to thrive, both personally and academically. I highly recommend St. Andrew's Grammar to other parents for a unique, family orientated K-12 experience.

- Sam

St Andrew's is a multi-cultural school with a wonderful sense of community. The minute one walks into the school grounds; the welcoming environment is clearly evident as is the pride that the students have for their school. As both a parent and an Educator, I commend St. Andrew's Grammar for the high expectations the school has set for its students in promoting a culture of academic excellence from PreK-12.
